ARVIND YADAV

(Director)

Mr. Arvind Yadav founded ARSUN INFRASTRUCTURE PVT. LTD. with a vision to build a gigantic construction company. Initial establishment days for ARSUN infra. were certainly tough with rigid market competition and no chance for small time companies to flourish. To excel Arvind Yadav has been part of the construction industry for over 15 years. He completed a Bachelor degree in civil engineering. He has a strong determination and a obstinate purpose to outshine. Today, ARSUN infra. acquired it place within the fleet of leading construction engineering companies where it stands unconquerable with “Quality as its Benchmark”

“A leader is one who knows the way, goes the way and shows the way.”

Company growth

We strive to achieve greatness

ARSUN Infrastructure Pvt. Ltd. Company has been able to establish itself as a leader in the country's construction industry partly because of the sound management principles the company has followed throughout its development. Apart from the projects that we manage, meticulous planning and expert know-how goes into the management of the company itself. The directors and the management are well conversant with good corporate management, are experienced, and have a thorough understanding of the issues involved for the smooth and successful running of a company.

Ananta Constructors & Builders has **surrendered** and registered to the new company as

CLIENTS TESTIMONIALS

Our clients love us

It is not very often that I find myself in a position to write a letter such as this one, where we had such a favorable experience in a very time-sensitive multi-million dollar construction project. Ananta Constructors and Builders attention to detail and management of all subcontractors and work site personnel was outstanding.

Mr. Vipul Garg (AVS Packaging)

We challenged Ananta Constructors and Builders to complete the project in just over five months. This was an incredibly fast-track schedule, given that retrofits of this scale, as we were told by our own advisors, typically require at least eight to nine months. AC&B versatility and experience with complex construction enabled them to meet this aggressive schedule while achieving our high quality and safety standards.

Mr. Anil (Earth Enterprises)

In my dealings with Ananta Constructors and Builders, I have found them to be professional at all times, with a genuine desire to deliver high Quality workmanship and to meet client imposed deadlines. They have proved easy to work with as a client, but equally, have conveyed the impression that all sub-trades are held to account and expected to meet the same high standards expected of Ananta Constructors and Builders staff.
